

CONTINUITY & RESILIENCE

FEEDBACK ON OUR VIRTUAL TRAINING COURSES

"It was a very informative and interactive session unlike the other sessions attended, firstly with camera on and having discussions about the topic and live examples. Could make the most of the course considering the constraints we all are facing now like no classroom facility. Topics were taken time and covered."

"The explanation was very simple and straight forward_. Easy to understand and follow. Real life examples and scenarios helped lot"

"Despite the fact that it was delivered online, the course was very engaging"

"It was an online course which was conducted very well, good quality of voice and video"

"Good virtual learning environment, good slides and notes, well presented. Topics were interesting and well presented"

"Such a great instructor who managed to make me quite more interested in the topic of BCM. The instructor managed to make the course interesting by his presenting and explaining skills. The following gave the course a lot of strength keeping in mind it is done online"

"The amount of knowledge given is beyond the expected which was excellent"

"Really it was very informative and useful. This is one of the best online program I attended in my career."

"The 1 day workshop was very insightful and I have learnt a lot. Awesome Learning"

"He is so knowledgeable, and I like how he manages to keep the class interactive and exciting even without the cameras on."

"Very practical and interactive, excellent facilitator"

"Very knowledgeable and patient. Excellent facilitator!"

"Really good"

"Day went really well"

"I was not so sure but am comfortable now with Online Course"
